ENGR. JUCEL MARIE T. GUATLO

Department Head
Department of Agricultural and Biosystems Engineering
VSU, Baybay City, Leyte

Dear **Engr. Guatlo**:

I am writing to express my interest in applying for the Assistant Professor II position and to submit my application documents for your review and consideration.

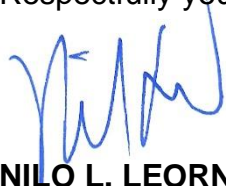

I am a graduate of Master of Science in Agricultural Engineering and am eager to apply my expertise in Food Processing, Renewable Energy Utilization, and Instrumentation and Control to contribute to the teaching, research, extension, and innovation initiatives at DABE.

I am currently serving as the Director of the Renewable Energy Research Center and conducting research and extension on biofuels, ram pumps and solar PV systems. I have taught courses in the BSABE degree program at the university. I also supervised thesis projects, allowing me to mentor future Agricultural and Biosystems Engineers in the areas of Food Engineering, Renewable Energy, and Instrumentation and Control Systems.

If given the opportunity, I will conduct myself with honesty and truthfulness to do all tasks assigned to me ensuring that the job is done accurately and efficiently.

Thank you for your consideration. God bless us all.

Respectfully yours,

NILO L. LEORNA
