CAREER OVERVIEW

I am a recent BS Agricultural and Biosystems Engineering graduate with a strong interest in Land and Water Engineering and Food Engineering. Eager to apply my academic knowledge and develop practical skills, I am open to opportunities in any location and excited to undergo training. With a passion for sustainable practices in agriculture and food systems, I am motivated to contribute, learn, and grow within a dynamic organization.

EXPERIENCE

On-The-Job Training/Internship

National Irrigation Administration (NIA) - Region 7

July - September 2023

- Planned and designed Drainage networks
- Delineated Small Irrigation Project and Small Reservoir Irrigation Project
- Created up to date reports of Irrigation projects
- Performed various engineering operations and management

Student Assistant

University Registrar - Visayas State University

May - July 2022

- Assists with various office tasks
- Organized and manage large volume of files

EDUCATION

Bachelor of Science in Agricultural and Biosystems Engineering

Visayas State University | 2020 - 2024

Graduate

SKILLS

- | | |
|--|--|
| • Basic computer literacy skills | • Problem-solving and critical thinking skills |
| • Proficient in Microsoft applications | • Flexibility and adaptability |
| • Time-management skills | • Strong commitment to ongoing learning and self-improvement |
| • Verbal and written communication skills | • Event organizing and hosting |
| • Skillful in using various program applications such as Microsoft Office, Canva, Autocad, and QGIS. | |

LEADERSHIP

College of Engineering and Technology - Supreme Student Council

Visayas State University Main Campus

3rd Year Representative | 2022 - 2023

Project Panaghiusa Volunteer

Visayas State University Main Campus

Volunteer | 2022 - 2023

Philippine Society of Agricultural and Biosystems Engineers - Pre Professional Group

Visayas Chapter

Member | 2022 - 2024

Philippine Society of Agricultural and Biosystems Engineering Student

Visayas State University Chapter

Senator | 2021 - 2022

Thomasian Emergency Assistance Management

Colegio de Sto. Tomas - Recoletos, Inc. Emergency Response Medical Team

Medics | 2018 - 2020

RELEVANT SEMINARS & WEBINARS

Center for Agri-Fisheries and Biosystems Mechanization

CEAT, UPLB, College, Laguna

BESTMech Online Seminar Series | 23 July 2024

- Introduction to Needs and Design Assessment Study

Visayas State University - Department of Food Science and Technology

Hazard Analysis Critical Control Points Seminar | 9 November 2023

Visayas State University - Department of Food Science and Technology

Food Safety in Food Plant | 19 November 2023

Visayas State University Institute for Strategic Research and Development Studies

- Exploring Initiatives in Solving Water and Sanitation | 22 March 2023

1st International Youth Summit

West Visayas State University | 21 - 23 April 2022

Philippine Society of Agricultural and Biosystems Engineers - Pre-Professional Group

Pacesetter of the Future: Equipping ABE students with Leadership Skills | 15 October 2022

- The Basics of Parliamentary Procedure

CropLife Philippines Inc. & Insecticide Resistance Action Committee - International

Vegetable Herbicide Resistance Management Webinar | 29 July 2022

RELEVANT WORK AND PROJECTS

- Designed a Biomass Charcoal Briquette Processing Plant as a final project on our course on AB Design and Management
- Designed and fabricated a Miniature of Greenhouse Precision Agriculture on our course on AB Control System
- Designed and fabricated of an Arduino-based Control System for Broiler Miniature Housing as a final project on our course on AB Plant & Livestock Engineering
- Generated a Mass Flow Analysis for Waste Management in our City as part of our academic requirement in our course on AB Waste Management Engineering
