23 September 2022

Dear Dr. Tulin,

Good day!

Please consider this letter as my intent to apply as a college instructor in your established institution. I heard that you are looking for an instructor for the opening of school year 2022-2023. Given my credentials, I believe that I am qualified to teach in your school.

I graduated my Bachelor's degree in Forestry on June 14, 2019 at Visayas State University and took my licensure examination on the same year and passed. My first job was a GIS operator in DENR-CENRO Palo for 9 months. To continue to develop myself academically, I resigned and started pursuing my graduate degree on October 2020 enrolling Master of Science in Forestry at Visayas State University.

I love sharing what I have learned to students especially in the field of forestry. Though I haven't had a teaching experience yet, I believe that I am ready to take the responsibilities of a college instructor as I have already equipped myself with skills and learnings which I have gained through the series of lectures I attended in the graduate school and in the different seminars and trainings I attended in the past.

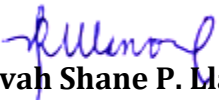

Please refer my curriculum vitae for more detail that will further substantiate my education and experience.

I would appreciate an opportunity to meet you and discuss further. If you have any questions relating my experiences, please do not hesitate to contact me at 09295827311/09709956054 or e-mail me at rivahshanellano@gmail.com.

Thank you for considering my application and taking time to read my Curriculum vitae.

I look forward to hearing from you.

Sincerely,

Rivah Shane P. Llano
Applicant
