VISAYAS STATE UNIVERSITY

COLLEGE OF NURSING

To President Prose Ivy Yepes

Thru Dr. Michelle Calda

Dear ma'am,

I have learned that there is vacancy in Clinical Instructor 1 and I am quite interested to apply for the said position. I am a registered Nurse in the Philippines and in the United States of America. I have a background in teaching, since I studied in Philippine Normal University in Mindanao. And I also gained diploma in Education at St. Michael College in Hindang Leyte. I was able to work as company Nurse, Private Duty Nurse, community Nurse and also in the hospital both in government and private Hospital. Though I have stopped working for sometime now I believe I still have both the knowledge and skills to apply for the position. More so, I am trainable and willing to learn to be more efficient and effective in my position.

I also believe that more than the skills and knowledge attitude is more important for the skill and knowledge can be learned.

I'm looking forward to be part of your organization.

Thank you and more power to your office.

Sincerely yours,

Mildred S Ranon
