Dr. Edgardo E. Tulin
Visayas State University President

c/o Dr. Elizabeth S. Quevedo
Department Head
Department of Pure and Applied Chemistry
Visayas State University
Visca, Baybay City, Leyte

Dear Sir/ Ma'am:

I am writing to apply for a faculty position at the Visayas State University. I am a licensed chemical engineer, a graduate of the University of San Carlos, and finished my Master of Education major in Chemistry at the Visayas State University in 2019. I have also taken 18 units in Education in the Teacher's Certificate Program of Saint Peter's College of Ormoc.

I believe that my 9 years' experience in teaching, the last 5 1/2 of which are in VSU, is an advantage. I have taught chemistry, biology, mathematics, and computer in VSUIHS, and I received an outstanding performance rating during my TPES. I also taught Chem 132.2 (Biochemistry for Nurses Laboratory), Chem 132.3 (Biomolecules Laboratory), Chem 2.1 (Analytical Chemistry Laboratory), and ESci 115b (Chemistry for Engineers Laboratory) at the DoPAC last first semester of SY 2021-2022. I am a certified completer of the Google Classroom Training for Instructors conducted by the Visayas State University as well as the Online Training on Developing a Moodle Online Classroom. I have enclosed my resume' for additional reference.

I look forward to hearing from you soon.

Very truly yours,

GIRLINA PASCUAL GOGO
