To: **ROBELYN T. PIAMONTE**
Department Head
Department of Pest Management
Visayas State University
Visca, Baybay City, Leyte

A pleasant Day!

I am Roda G. Capacao, an MS Candidate in Plant Pathology at the University of the Philippines Los Baños. I have read the announcement of vacant position in your good office. Hence, I write to express my interest in applying for Instructor II position with a job code FNURVM.

I am a licensed Agriculturist with 3+ years of experience doing scientific research and part-time teaching. Currently, I am working as a Science Research Assistant at the National Abaca Research Center (NARC) which started from March 2023. I finished my Bachelor's degree in Agriculture major in Plant Protection (Cum Laude) at the Visayas State University, Visca, Baybay City Leyte. After graduation, I had worked for two years (2015-2017) in the Philippine Rice Research Institute Central Experimental Station and have participated in several trainings and seminars. After which, I pursued my Master's Degree in Plant Pathology at the University of the Philippines Los Baños and finished all my coursework, with remaining thesis unit due to the limitations brought by the Covid-19 pandemic. Please see attached files for your reference.

It is my pleasure to be interviewed for the position that I am applying. I am determined and passionate with the opportunity to apply my knowledge, skills and abilities related to the position, as well as to provide quality education to students with a bright vision towards future development. More so, I would be more than happy to learn more from your excellent office. If you have questions concerning my qualifications and credentials, please email me at capacaoroda@gmail.com. Thank you for your time. I look forward to hearing from you in the near future.

Respectfully,

RODA G. CAPACAO
Applicant
