RA: Application for Farm Worker II

Dear Dr. Lina,

I am writing to express my interest in the position of Farm Worker II. When reviewing the position requirements, I believe that my skills and few experiences is a perfect match to this job. Even though I don't qualify for the 1 year relevant job experience, I am self-motivated and a quick learner who works hard to ensure that I meet or exceed my job expectations. I just recently finished my BS degree and had since been looking for a position to utilize my skills practically.

During my high school and college years, I have joined many organizations that helped me to develop my basic skills in farming. Also, I know how to exemplify integrity and professionalism, deliver service excellence, communicate effectively, easily adapt and know how to promote gender-responsive management.

I am excited to show you how my efficiency and positive attitude. To this end, you may contact me at 0946 544 0954, or send me an email at angelgracedelacruz@gmail.com. Thank you so much for your time and consideration.

Sincerely,

Angel Grace S. Dela Cruz
