**MARTIN JAN E. MERCURIO**

Department Head

Department of Geodetic Engineering

Visayas State University

Visca, Baybay City, Leyte

Respected Sir:

I am writing to express my interest in the Instructor I position at the Department of Geodetic Engineering at Visayas State University. As a licensed Geodetic Engineer and Career Service Professional Exam passer, I am eager to contribute to the university's mission by sharing my knowledge and fostering a dynamic learning environment for students.

I graduated with a Bachelor of Science in Geodetic Engineering from Caraga State University in 2024. My academic training has equipped me with strong technical knowledge in geospatial analysis, land surveying, and engineering principles. Additionally, my prior studies in Bachelor of Secondary Education, majoring in General Science, have provided me with a foundational understanding of teaching methodologies, lesson planning, and student engagement strategies. This unique combination of engineering expertise and educational background enables me to effectively communicate complex concepts and adapt my teaching approach to different learning styles.

I am highly motivated to inspire future geodetic engineers and help them develop the technical skills and critical thinking necessary for success in the field. Furthermore, I am eager to engage in curriculum development, academic research, and collaborative projects that align with the university's commitment to excellence.

I would welcome the opportunity to discuss how my qualifications align with this role. Thank you for your time and consideration. I look forward to your response.

Sincerely,

**JANE MELODY GRACE A. MARAPAO**
