**DR. ROBELYN T. PIAMONTE**

Department Head  
Department of Pest Management  
Visayas State University  
Main Campus

25 July 2024

Dear **Dr. Piamonte**,

Greetings.

I've learned that your department needs a Part-time Instructor I, as advertised in DPM Pest Clinic and Medicinal and Pesticidal Garden page. Please consider me as an interested applicant for the said vacant position. With a strong background in Plant Protection, together with my passion for teaching and commitment to students' learning and success, I am very excited about the opportunity to contribute to your department.

I graduated from Visayas State College of Agriculture, now Visayas State University, with a degree of Bachelor of Science in Agriculture Major in Plant Protection, with specialization in Weed Science, in March 1999. I have gained 22 MS units in Plant Protection from the same university, where I developed a strong and solid foundation in my chosen field. During my time as Graduate Teaching Assistant (GTA) at the Dept. of Plant Protection, now Dept. of Pest Management, I had extensive experiences in teaching Biology 11, Zoology 21 and Plant Protection 21 Laboratory subjects. My approach to teaching emphasizes interactive methods, ensuring that each student receives the support and encouragement needed to excel academically and personally.

If given a chance, I am eager to impart the knowledge I have gained in my field and contribute to the ongoing success and development of your students. To inspire and engage them in fostering a positive and dynamic learning environment.

I would appreciate the opportunity to discuss my qualifications more fully in an interview anytime at your convenience. Attached is my Personal Data Sheet, Curriculum Vitae, Transcript of Records and Certificate of MS Units earned to provide further details about my educational background and professional experiences.

Thank you for your kind consideration.

Sincerely yours,

**LINA L. MANACPO**
