

**CHRISTIAN BYRONN ALEGADO ALVERIO**

REGISTERED ELECTRICAL ENGINEER  
Brgy.64 Bliss Sagkahan Tacloban City Leyte  
09702931747/09638322120  
cbalverio@gmail.com

**Work Accomplishment:**

**Gas Removal System Retrofit – Malitbog Plant, Leyte Geothermal Power Plant (EDC)**

January 2021 – July 2021  
Project Engineer  
ASIAPHIL INCORPORATED

- Planning, Monitoring and Supervision of activities.
- Coordinate the activities to client and other EDC contractors.
- Reviewed engineering deliverables and initiate corrective actions.
- Ensured compliance of approved design, drawing and specifications.
- Prepare and discuss weekly progress report.

**Steam Separator 1 Restoration – Tongonan Plant, Leyte Geothermal Power Plant (EDC)**

January 2021 – July 2021  
Project Engineer  
ASIAPHIL INCORPORATED

- Reviewed, monitor and implement compliance to the standard codes and client’s technical specifications.
- Checked the remaining works and produced work methodology.
- Project monitoring, supervision and coordination with EDC proponent.
- Lead the team on Testing and Commissioning

**Rehabilitation of 36kV Switchgears – MRT 3**

**Oct.2020 – Dec.2020**

Project Engineer  
ASIAPHIL INCORPORATED

- Lead the team in the rehabilitation of 36kV Switchgears for 6 stations.
- Execute instructions from Japanese Engineers in Japan via Teleconference.
- Coordinate and generate solutions on concerns and problems encountered during implementation.
- Conducts quality check and various electrical testing.
- Prepared accomplishment report.

**New Power Center Building - BSP Main Complex**

Project Engineer – M.E.P  
ASIAPHIL INCORPORATED

**Aug. 2019 – Oct. 2020**

- Planning and preparation of activities prior to project implementation.
- Cooperate and coordinate with client, interpret their needs and requirement and represent them on site.
- Ensures that contractors complied and implement the approved design and drawings.
- Supervision and monitoring of contractor’s daily activities on site.
- Performed engineering calculations, CADD, proposed and prepare revisions.
- Performed and assists in conducting various types of Electrical testing at NPC equipment.

**Construction of LGU Buildings - JICA Project (EASTERN SAMAR)**  
**Site Electrical Engineer & Safety Officer**  
**JAPAN QUALITY TECHRADE CORPORATION**

**Nov. 2016 – July 2018**

- Supervised the project implementation of Mechanical & Electrical Works
- Prepared submittals for approval such as shop drawings/diagram, calculations and sample materials.
- Cost estimate & Purchasing
- Conducted testing and commissioning of installed equipment.
- Prepared and consolidate project handover documents.
- In charged of repair and maintenance of electrical equipment used in the construction site.
- Act as Safety officer of two project location.

**Construction of Housing Project**  
**Project Engineer – Civil Works**  
**UNITED NATIONS DEVELOPMENT PROGRAM**

**July 2014-May 2016**

- Supervised the project implementation.
- Daily management and monitoring of site labor force.
- Oversaw quality, safety and health matters on site.
- Prepare regular project reports and site status.
- Material Cost Estimate

**Construction of Evacuation Centers**  
**Site Inspector – Civil & Electrical Works**  
**UNITED NATIONS DEVELOPMENT PROGRAM**

**July 2014 – May 2016**

- Documented the site inspection of the buildings that leads to monitoring reports development for project evaluation.
- Ensure that the contractor complied and implemented the plans/design.
- Reported the problems and issues encountered on construction site directly to PM.
- Designed and monitor the implementation of Hybrid Type PV system per evacuation center.

**Field Engineer**  
**United Nations Volunteer**

**Dec. 2013 – July 2014**

- Monitored Debris clearing on selected areas in Tacloban City.
- Supervised Demolition Activities of Unsafe structures in Tacloban and E. Samar.
- Prepare and submit accomplishments report.

**ON THE JOB TRAINING**  
**Dorelco**  
**Tolosa Leyte**  
**March-June 2012**  
-Assist meter calibration and sealing  
-Assist meter replacement and on-site calibration  
-Assist on staking of extension lines.

**TRAINING**  
**Basic Occupational Safety and Health**  
**Dole Region 8, Tacloban City**  
**July 2016**

## **EDUCATION**

**Bachelor of Science in Electrical Engineering**  
**Eastern Visayas State University - EVSU MAIN**  
**June 2007 – March 2013**

## **SKILLS**

- Can perform and analyze various types of Electrical testing.
- Electrical Troubleshooting
- CADD and MS OFFICE
