DR. ELIZABETH S. QUEVEDO

Department Head

Department of Pure and Applied Chemistry

Visayas State University

ViSCA, Baybay City, Leyte

Dear Dr. Quevedo,

I am writing this letter to express interest in applying for the position of Part-Time Instructor at the Department of Pure and Applied Chemistry of the Visayas State University as listed on the university's job portal. I am excited at the prospect of being able to improve myself with the experience coming from working as the same in the past two semesters.

Personally, the previous semesters have been the experience. The difficulties that come with the flexible mode of teaching on my part as well as the students has allowed me to see things in a different perspective. I am glad that the University is now opening it's doors for face to face interaction in the following semester, and I am excited to see how much I can do when in that modality.

I welcome the opportunity to be able to discuss my application further so I can elaborate my capabilities and possible contributions. If you require any additional documents, please do not hesitate to contact me through the information I provided. Looking forward to hearing from you soon.

Sincerely,

MARK RYAN R. TRIPOLE
