Evaluation Tips

Tips for Inputting Self-Evidence

- Your input may be written in either English or Tagalog.
- There is a 5 word minimum – Explain yourself!!
- Always use your Personal Performance Diary – that way, you can easily cut and paste your best evidence into the annual OPE.
- Make sure that you cite specifics to show the best things you did in your job. Don't just say that you are Honest - recall a specific incident that happened at work.
- Put yourself in the best light – this does not mean to lie, but it means to show your supervisor your strengths that he may not be aware of.
- Don't compare yourself to another – this is all about you and how you perform to the expectations set out in your Job Description
- Always SAVE your work
