MARLON M. TAMBIS

Director
Philippine Root Crops Research & Training Center
Visayas State University
Visca, Baybay City, Leyte

Dear Director Marlon M. Tambis,

I am writing to express my interest in the Science Research Aide position at the Philippine Root Crops Research and Training Center (PhilRootCrops). As a licensed Agricultural and Biosystems Engineer, I am eager to contribute my skills and knowledge to your esteemed institution, particularly in research and development efforts related to root crop production and sustainability.

During my academic and professional training, I have gained a solid background in agricultural research, farm management, and biosystems engineering principles. My expertise includes data collection and analysis, fieldwork, laboratory testing, and the application of innovative technologies to enhance crop productivity. My passion for research and sustainable agriculture aligns with PhilRootCrops' mission of improving root crop utilization for food security and livelihood enhancement.

I am particularly interested in working with your team to support research activities, conduct experiments, and assist in the development of technologies that can benefit farmers and stakeholders. My hands-on experience in agricultural fieldwork, along with my proficiency in technical documentation and collaboration, makes me a suitable candidate for this role.

I have attached my resume for your review. I would appreciate the opportunity to further discuss how my skills and enthusiasm can contribute to your research initiatives. Please feel free to contact me at your convenience.

Thank you for your time and consideration. I look forward to the possibility of joining PhilRootCrops and contributing to its valuable research efforts.

Best regards,

Engr. Clark Raymund B. Bulado
