

Ronald O. Resando

PROFILE

A dedicated chemistry graduate with strong knowledge of chemistry principles and laboratory techniques, committed to fostering an engaging learning environment through effective teaching and mentoring. Passionate about contributing to the institution's mission of delivering quality chemistry education.

WORK EXPOSURE

DENR-EMB Regional Laboratory 8 | Baras, Palo, Leyte
June 2024 - August 2024

- Performed chemical analyses of different environmental samples
- Ensured accurate testing following standard methods
- Prepared reagents and calibration standards
- Operated laboratory instruments
- Maintained strict adherence to quality control and safety protocols.

TRAININGS AND WEBINARS ATTENDED

- Basic Operation and Maintenance Training of Agilent Cary 60 UV-VIS Spectrophotometer | Molave Trading Inc.
- Online Seminar on Chemical Handling and Safety | Department of Science and Technology - Batangas
- Online Seminar on Equipment Safety, Operation and Maintenance | Department of Science and Technology - Batangas
- Online Seminar on Hazardous Wastes Management | Department of Science and Technology - Batangas
- Emerging Trends in Physics and Its Applications | Visayas State University - Department of Physics

- Alegria, Bato, Leyte

EDUCATION

- Visayas State University
Bachelor of Science in Chemistry
Visca, Baybay City, Leyte
2021 - 2025
- Bato National High School
Bagongbayan, Bato, Leyte
2015 - 2021
- Alegria Elementary School
Alegria, Bato, Leyte
2009 - 2015

SKILL

- Communication Skills
- Critical Thinking Skills
- Laboratory Skills
- Oriented in MS Office Applications
- Organizational and Time Management Skills
