SINGLE

## INTERESTS

- Management
- Teaching
- Arts and Crafts

, I have become confident in my ways of teaching and developed self-esteem in handling both small and large classes and adapting to a new normal learning set-up. I believed that the skills and the past experiences combined with my ability to foster constructive learning environments, made me an ideal candidate for the role.

Beyond my teaching experience and my classroom management skills, I believed that my enthusiasm makes me a perfect fit to serve as a Part-time/Substitute Instructor in the department. Having this passion, I am with great excitement to continue working with your faculty and staff to help the college grow and flourish in the next years.
