**LILIAN B. NUÑEZ**

Head, Barangay Integrated Development Approach for Nutrition Improvement  
Visayas State University  
Visca, Baybay City, Leyte

Dear Ma'am Lilian,

I am writing to express my interest in the **Science Research Specialist I** vacancy advertised on Visayas State University official job posting site.

I hold a degree in **Bachelor of Science in Agricultural and Biosystems Engineering** at Visayas State University-Main Campus, Visca, Baybay City, Leyte. I graduated last August 2024. I completed my 240 hours of student internship at DBSN Farms Agriventures Corporation, and was also the former President during my last year of service for the Philippine Society of Agricultural and Biosystems Engineers-Pre-Professional Group (PSABE-PPG) of VSU Student Chapter. Recently, I successfully **passed** the **Agricultural and Biosystems Engineers Licensure Examination** held on December 9-10, 2024 and is scheduled to take oath sometime in January 2025.

Your commitment to a comprehensive nutrition-in-development strategy encourages me to take the opportunity of working alongside with you. I am confident that my trainable attitude and background skills align well with your needs.

I have attached my Personal Data Sheet (PDS) for your review. Thank you for considering my application. I look forward to the possibility of contributing productivity and excellence to your office and I am excited for the opportunity to work with your team.

Sincerely,

ENGR. IAN LEMAR G. MACAUBA  
Applicant
