Dr. Rotacio Gravoso

Station Manager

DYDC Radio, Visayas State University

Visca, Baybay City, Leyte

Dear Dr. Gravoso:

Before ABS-CBN Corp. opened its door for me, my career in broadcasting practically started with then DYAC Radio at the Visayas State University almost two decades ago.

It has always been my dream to give back to the university which prepared and honed me to the world of mass media. When I learned that the position as DYDC Broadcast Production Supervisor is vacant, I felt that it is the perfect time for me to come back and give back.

I believe that my decade-long experience as News Head of ABS-CBN Tacloban prepared me for the position. As the team leader, I was able to successfully set the direction of the team's priorities in ensuring a comprehensive news reporting. I also made sure that my department had a harmonious and functional relationship with other departments in the station.

After ABS-CBN was forced to shutdown, I was fortunate to be hired by Leyte III Electric Cooperative Inc. (LEYECO III) as Media Consultant and was promoted as the Information Officer. Among my tasks was to train and empower some employees of two electric cooperatives who had zero knowledge in broadcast in producing and maintaining an online news channel. I was also tasked to lead the operations of an electric cooperative-owned radio station as its Chief Operating Officer.

I am excited to contribute my talents and proficiency in collaboration with the team's efforts. With my dedication and in-depth knowledge in the media industry, I am confident that I am a perfect fit for the position. I look forward to meeting you to further discuss my application at your most convenient time.

Sincerely,

Sharon C. Carangue
