Prof. Marlon M, Tambis

Director, PhilRootCrops, VSU, Baybay City

I was thrilled when a colleague shared news of your research assistant opening for cassava. With my recent graduation and background as a part-time breeder and propagator at PhilRootCrops, I'm eager to explore this opportunity further, I'd love to be part of your team again.

I have attached my resume for your consideration and hope to speak with you soon about the role you need.

Sincerely,

Jerome Gerong
