HANNAH RISSAH F. ABAD
Department Head
Department of Physics
Visayas State University
Visca, Baybay City, Leyte

Dear Professor Abad,

Good day! I hope this message finds you well.

I am writing to express my interest in a part-time teaching position in your department. I hold a Master of Education in Physics and have experience teaching Physics, Earth Science, Practical Research, and Professional Education courses. I am committed to helping students develop a deep understanding of scientific concepts and the confidence to apply them in real-world contexts.

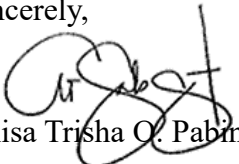

In addition to my teaching experience, I am currently completing the final stage of my Ph.D. in Educational Science at Eötvös Loránd University in Budapest, Hungary. While my doctoral research focuses on broader issues in education, my academic foundation and teaching background remain rooted in the physical sciences.

I have also participated in various academic conferences and training programs, which have enhanced my perspectives on effective science education and instructional strategies. I would be glad to contribute to your department through teaching, student mentoring, or any collaborative academic initiatives where my qualifications may be of value.

Please find my curriculum vitae attached for your reference. I would be honored to be considered for any part-time teaching opportunities within your department.

Thank you very much for considering my application. I look forward to the opportunity to contribute to the academic mission of the Department of Physics at Visayas State University.

Sincerely,

Anisa Trisha O. Pabingwit
