Hiring Committee
Visayas State University
Baybay City, Leyte, Philippines

Dear Hiring Committee,

I am writing to express my interest in the Instructor III position within the Department of Soil Science at Visayas State University, as advertised. With a Master of Science degree in Soil Science from Visayas State University and current faculty experience at Biliran Province State University-Biliran Campus, I am excited about the opportunity to contribute to your esteemed institution.

During my tenure at Visayas State University, I not only acquired a solid foundation in soil science but also developed a passion for teaching and research. My academic achievements were recognized through various awards and scholarships, reflecting my commitment to excellence in both scholarship and service. Few years following my graduation, I joined the faculty at Biliran Province State University-Biliran Campus, where I have been instrumental in conducting research and mentoring students.

My role as a faculty member has allowed me to apply theoretical knowledge in practical settings, fostering a deeper understanding of soil science principles among my students. I have consistently received positive feedback on my teaching methods, emphasizing my ability to engage students and facilitate learning effectively. Some of my research contributions, particularly in the area of sustainable agriculture and soil conservation, have been published in reputable journals, further demonstrating my dedication to advancing the field of soil science.

I am particularly drawn to this position because of its alignment with my professional goals and interests. I believe that my background, combined with my enthusiasm for education and research, makes me a strong candidate for the Instructor III role. I am eager to bring my expertise to Visayas State University, contributing to the department's mission of producing well-rounded graduates who can address real-world challenges in soil science.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills, experiences, and passions align with the needs of the Department of Soil Science. I am available at your convenience for an interview and can be reached at 09355942910 or via email at chanman.cagasan@gmail.com.

Sincerely,

Christian Ulysses G. Cagasan
