ELIZA D. ESPINOSA

Department Head

Institute of Tropical Ecology & Envi. Mgmt.

Visayas State University

Visca, Baybay City, Leyte

Dear **Dr. Espinosa**,

Greetings,

I am writing to express my intention to apply as a part-time instructor at your institute.

I am currently studying Master of Science in Water Management and Governance at the Institute for Water Education (IHE) Delft, Netherlands, the largest international graduate water education facility in the world. Formerly, I also took courses on MSc in Development Sociology at the Visayas State University, the zonal agricultural university, and the multi-commodity research center serving the Visayas regions. I have a Bachelor's degree in Environmental Management from the same university where I had the opportunity to study Environmental Science at the Universidade do Minho, Portugal.

I believe that my academic endeavors and my passion for academic engagement make me an ideal candidate for the teaching position at your institute.

Although I don't have a full pledge experience in teaching, I have a clear understanding and well-trained exposure in the field of research, bridging environmental and social issues, along with quantitative and qualitative data through technical and theoretical approaches, which are a necessary foundation for an academician.

Please kindly see the attached curriculum vitae and transcript of records for your perusal.

Looking forward to your consideration. Thank you.

Respectfully yours,

MERRY JEAN CAPARAS

Applicant
