Manuel D. Gacutan Jr., PhD
Department Head
Department of Animal Science
College of Agriculture and Food Science
Visayas State University
Visca, Baybay City, Leyte

Dear Dr. Gacutan,

I am writing to express my interest in the Part-time Instructor position in the Department of Animal Science. As a former animal nutritionist at General Milling Corporation and a farm officer at Primary Structures Corporation, I bring a wealth of experience and expertise in the field of animal science to the classroom.

My name is Roy C. Limpangog and I hold a Master's degree in Animal Science from Visayas State University. In my previous roles, I have honed my skills in animal nutrition, livestock management, and farm operations. I have also gained valuable experience in developing and implementing feed programs, manpower management, monitoring animal health, and ensuring compliance with industry regulations.

I am confident that my experience in the animal industry makes me an excellent fit for this part-time instructional position. I am eager to bring my practical knowledge and passion for animal science to the students at your institution and to contribute to the development of the next generation of animal science professionals.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

Roy C. Limpangog
