Principal  
Visayas State University Integrated High School  
College of Education  
Visayas State University  
Visca, Baybay City, Leyte

**Subject: Job Application for Physics Subject Teacher**

Respected principal,

This is Jovie Mariel Lawag Degorio. I have recently completed my contract with VSU Integrated High school as a substitute instructor. I have completed my Bachelor's Degree of Secondary Education (Physical Sciences) from Visayas State University with Latin honor, Cum Laude. I am a candidate for graduation with a Master's Degree in Education specializing in Science Education at Southern Leyte State University, Tomas Oppus, Southern Leyte. I am writing to show my interest in continuing serving your school as a Physics teacher.

With my five-year experience in teaching, I am fully aware of the work's nature and can handle all the educational matters efficiently and fairly. By appointing me, I assure you that I will continue being a punctual and hardworking teacher that you can always depend on. And I will continue not just to teach but also to inspire students to love the subject I am teaching.

I have good teaching, assessing, and communicating skills, making me a strong contender for this job. I have attended seminar workshops related to teaching Science and participated in division/regional competitions as a coach, which has greatly helped my work as a science teacher. I consistently have an outstanding rating from students' evaluations in the subjects I taught.

I have attached my resume and Transcript of Records and I hope that after going through them you will definitely give me a chance of interview.

I am looking forward to hearing from you soon.

Sincerely,

Jovie Mariel L. Degorio
