

Dr. Joel Q. Mabalhin
Department Head
Department of Teacher Education
Visayas State University
Visca, Baybay City, Leyte

Sir:

A pleasant day Sir!

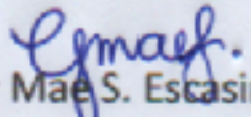

It is with great pride and honor that I am now seeking to secure a teaching position, Part-time Instructor, at your department here in our prestigious university. I am indeed proud to once step in this institution and would be even prouder if given a chance to step in your department once again.

I am Gilly Mae S. Escasinas and I was once a Bachelor of Elementary Education Major in Pre-school Education student here in Visayas State University. However, circumstances did not allow me to pursue such degree but I am mercifully given a chance to choose another field which is Bachelor of Secondary Education Major in Filipino. I am confident enough that my instructors have thought me so well on how to become an effective and productive educator. I am already a passer of Licensure Examination for Teachers and already got my license. This is the only thing that I have been waiting to pursue my plans about teaching, my license and the opportunity. I may still not have teaching related work experience however my student experiences definitely have gotten me ready to face the reality of teaching and even though it was already an experience from long ago I am still longing for that time.

I know dealing with college students nowadays is quite challenging, they are amazingly diverse on different matters that should be dealt carefully considering their emotions. But rest assured I have faced such difficult situations during pandemic when schooling is only done online and I have to take a job of being a private tutor of 5 pupils. I have experience different levels of retention and have dealt with their characteristics which I successfully overcome for almost 3 years until I decided to enter the university. I believed that my instructional abilities combined with my work ethics, skills, and strong devotion to facilitate learning would greatly benefit me and the university. I can assure you also that I accept any kind of help, suggestions, and criticism to help me improve in my teaching.

I am hoping with great respect to discussing with you many ways in which I can make significant contribution to our university. Thank you in advance for your time and consideration for this matter.

Respectfully,

Gilly Mae S. Escasinas
