

Magdalene C. Unajan

Department Head

Department of Computer Science and Technology

Visayas State University

Visca, Baybay City, Leyte

Dear Ms. Unajan,

I am writing to express my keen interest in the IT Instructor position advertised on <https://jobs.vsu.edu.ph/>.

While my educational background is not in Information Technology, I have over 10 years of professional experience as an IT professional in various multinational companies, focusing on data management. In my previous roles, I have gained extensive knowledge and experience in various IT systems and applications. I am confident that my skills and experience would be valuable assets to your team, particularly in teaching data management concepts and best practices.

I'm currently in the master's in business administration program at Ateneo de Manila University - Graduate School of Business (finished 1 year). I'm exploring transferring to or completing my graduate studies in Leyte/Tacloban City.

I am confident that I can effectively communicate complex IT concepts to students in a clear and concise manner. I am available to work part-time and am eager to contribute to the success of Visayas State University.

I have attached my resume for your review. Thank you for your time and consideration. I look forward to hearing from you soon.
