MARK RYAN R. TRIPOLE
Department Head
Department of Pure and Applied Chemistry
Visayas State University
Visca, Baybay City, Leyte

Dear Mr. Tripole,

Good day!

I am writing to express my interest in the Part-Time Instructor position, as advertised on the university's HRMIS platform. With a solid background in Chemistry, a passion for teaching, and a commitment to research, I am eager for the opportunity to once again contribute to your institution.

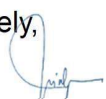

During my previous tenure in this department, teaching courses such as Organic Chemistry, Biochemistry, and Chemistry for Engineers, I worked to inspire students by fostering a deep understanding of chemistry while developing their critical thinking and problem-solving skills. Though I was still navigating the demands of teaching, the experience proved incredibly rewarding, reigniting my passion for education. As a new instructor, I refined my teaching style by embracing Outcome-Based Education (OBE), which allowed me to stay focused on clear, meaningful goals for my students. I was grateful to receive positive feedback from students and colleagues, commending my ability to make complex topics accessible and my enthusiasm for fostering an inclusive and dynamic learning environment.

In addition to my teaching background, my academic qualifications in Chemistry equip me with the expertise required to deliver high-quality instruction. My familiarity with the department's standards, culture, and curriculum allows me to seamlessly contribute to its goals and uphold its tradition of excellence.

I am excited about the opportunity to bring my skills, experiences, and passion to continue making a meaningful impact on students' academic journeys and further contribute to the department's success. Please feel free to contact me at +63 955 189 0251 or via email at espinosa.francesnicole@gmail.com to discuss my application further.

Thank you for considering my application.

Sincerely,

Frances Nicole S. Espinosa
Applicant
