Department of Civil Engineering  
Visayas State University  
Visca, Baybay City, Leyte

Dear Ma'am/Sir,

I am writing to express my interest in applying as an Instructor at the Department of Civil Engineering. I graduated with the degree of Bachelor of Science in Civil Engineering last June 2019 and I am currently working as a Science Research Assistant at the College of Engineering and Technology.

I worked in the construction industry for two years. I was assigned to handle various construction projects,did project estimates, and made drawing plans using AutoCAD. With these experiences, I believe that I would be an ideal candidate for the opening advertised. I want to share the knowledge and skills I learned while working on-site to the students so that they would have an idea of the construction field. I also want to dedicate my time and effort to learn and to teach engineering subjects to the students . If given a chance, I would also want to contribute on engineering projects and researches to diversify my perspective on the academic field of engineering.

I am looking forward to hearing from you.  
Good day and God Bless.

Sincerely,

Marianne L. Damicog
