ULDARICO B. ALVIOLA, PhD

Head, Department of Development Communication
Visayas State University
Baybay City, Leyte, Philippines

Dear *Dr. Alviola*,

I am writing this letter to formally express my interest in applying for the position of Part-time Instructor in the VSU - Department of Development Communication (DDC).

Currently, I am the Social Engagement Coordinator of Project Tarsier, a Nature-Based Solutions (NBS) project that implements a community-based reforestation in Eastern Visayas which aims to provide an array of benefits through carbon credits.

I have with me is almost two (2) years of experience of what it is like to practice Devcom in grassroots level. What I learned during my undergraduate years is only a fraction of the realities in the ground, but it has certainly laid a great foundation of my present capabilities as a Devcom practitioner.

The role of a Part-time Instructor is appealing to me since teaching is a deed that I enjoy. I would like to bring my relevant experiences in the classroom so that I could train students in the core principles of this program, using not only theories, but real-life situations. It is my aim to immerse students on the practical choices that they must make in order to ensure that the best standards are tailored in their communication strategies.

Teaching is also my motivation to pursue a Master's Degree. I recognize that in order to maintain quality instruction, teachers must also do their best to obtain higher education and study hard just like how students are always encouraged to.

As VSU-grown Devcom practitioner, it would be great honor to give back to the institution. If given the opportunity, I will do my best to nurture young minds and provide them an avenue to become a better version of themselves.

Please peruse my resume for further information on my background. I can easily be reached through email (margraf.eslopor@gmail.com) or by phone (+63 999 902 4261).

Thank you for your time and consideration. I am looking forward to speaking with you regarding this opportunity.

Sincerely,

MARGRAF VON JEAN ESLOPOR
Applicant
