Dr. Romel B. Armecin

Director
Ecological Farm Resource & Management Institute
Visayas State University
Visca, Baybay City, Leyte

Dear Dr. Armecin:

Greetings!

I am writing this letter to apply for the Science Research Assistant position posted in jobs.vsu.edu.ph. I am Monna E. Bengalan, a graduate of BS Statistics in this university, and I am currently working as a clerk/dDRC at the Department of Statistics.

I do believe that the experience and the passion that I have qualified me as a Science Research Assistant in EcoFarmi. I had job experiences as a Field Assistant for the research Landscape Forestry in the Tropics (LaForet) wherein we interviewed households on the use of the forest as well as assisted on focus group discussions and as an Agrarian Reform Program Technologist in the City Agrarian Reform Office of Baybay City wherein we assist in helping tenants and landowners.

I want to advocate sustainable agriculture and I have always wanted to do a job that will be related to it. I want to learn new things and impart them to VSU and to the farmers.

Thank you and I hope you will consider my application

Respectfully yours,

Monna E. Bengalan
Applicant
