JETT C. QUEBEC, PhD
Department Head
Department of Liberal Arts and Behavioral Sciences
Visayas State University
Visca, Baybay City, Leyte

Dear Doctor QUEBEC,

I am writing this letter to apply for a part-time philosophy teaching position at your department. I knew about the offering through Al Franjon M. Villaroya, MA, a faculty in your department and a friend of mine.

I am a graduate of Bachelor's in Philosophy at the University of San Carlos batch 2015. Right now, I am a graduate student of the same university and will hopefully begin to write my thesis for the degree MA Philosophy next year.

I am currently employed at Cebu Institute of Technology - University as a part-time faculty. I do not have any teaching load as of the moment as my employer observes renewal of contract every start of semester.

Philosophy has guided me to cultivate myself as a person through self-criticism. The discipline also enabled me to think for myself which is fundamental in the formation of personal beliefs and convictions. I wish to impart the same things to students as I believe self-cultivation and intellectual autonomy are essential to education.

I am hopeful that my love for teaching and doing research in philosophy will be further enriched in VSU. Moreover, I intend to apply for a full-time teaching position in VSU after I shall have finished my studies for master's degree. I would be very grateful should you consider my application.

Respectfully yours,

Justin Andrew S. Planco
