To: **DR. SUZETTE B. LINA**
DEAN, FAFS

Thru: **DR. LUZ O. MORENO**
Department Head, DPBG

Greetings of Peace and Joy!

I am writing to formally express my interest in reapplying for the position of part-time instructor in the Department of Plant Breeding and Genetics, as posted on the VSU HRIS website. I view this opportunity as both a professional and personal growth milestone, allowing me to further develop my teaching skills within an academic institution committed to excellence in service and education.

I hold a Bachelor of Science in Agriculture, major in Plant Breeding, which I earned from Visayas State University – Main Campus in 2016. I am also a licensed agriculturist, having passed the Licensure Examination for Agriculturists (LEA). In the previous academic year (2024–2025), I had the privilege of serving as a part-time instructor in the same department, which deepened my appreciation for teaching and academic service.

Furthermore, through the support of the DOST-SEI Accelerated Science and Technology Human Resource Development Program – National Science Consortium (ASTHRDP-NSC), I pursued my Master of Science in Horticulture with a focus on Plant Tissue Culture at VSU. This experience not only enhanced my academic foundation but also broadened my perspective on the vital roles of education and research in advancing the agricultural sciences.

I am eager to continue contributing to the department's mission and would be grateful for the opportunity to serve once again. Thank you very much for considering my application. I look forward to the possibility of discussing how I can be of service to the university.

Furthermore, to provide a broader profile, I have attached my curriculum vitae (CV) for your perusal and you may contact me through this mobile number 09238701171 for further important communication. Thank you very much and I am hoping forward to hearing from you.

Sincerely yours,

BENJIE ASOY MAGALLANO
