Visayas State University
Baybay, Leyte

Dear Hiring Manager,

As a recently graduated Bachelor of Physical Education at Eastern Visayas University, I am excited for the opportunity to work as a part-time instructor at Visayas State University.

I completed my degree with the prestigious Academic Achiever Award with a 1.45 GPA from EVSU. While in college, I immersed myself in a practice teaching program and I believe that training will enable me to perform the tasks of an effective and efficient teacher.

My grandparents Alicia S. Agarcio (deceased) and Benjamin C. Agarcio devoted many years of their lives as professors at VSU. The stories about their years of tenure as college teachers inspired me to embark on this similar journey into becoming an educator myself. I'm hoping I can carry on their legacy of teaching at VSU.

I will be happy to submit the needed documents for this position. And I look forward to being considered for an interview in the near future.

Sincerely,

KYLE C. AGARCIO
