Head, DAEEX

Dear Dr. Yepes:

Greetings!

I am expressing my sincere interest in the Instructor I position recently published on the Visayas State University Website. As a honed individual with research and extension, I am eager to bring my skills and passion for academia to your esteemed institution. Throughout my career in pursuing my career in teaching, I have dedicated myself to knowledge and innovation, gaining the ability to develop and deliver engaging courses in agricultural extension principles and rural development, also acquired a strong understanding of current trends in agricultural extension, focusing on technology adoption in rural communities and farmer empowerment.

I earned my Bachelor of Science in Agriculture major in Agricultural Extension, Cum Laude, at Visayas State University-Main Campus on August 12, 2022, and my Master of Science in Agricultural Extension minor in Agricultural Education at Visayas State University, Visca, Baybay City, Leyte on August 06, 2024. In addition, I am a Visayas State University Latin graduate scholar and a Civil Service Eligible.

I am particularly drawn to the opportunity to contribute to your research team and academic community. My research-oriented mindset, teaching philosophy, and commitment to student success and agricultural development position me to make significant contributions to both research projects and student development. I am committed to fostering intellectual curiosity and academic excellence.

Thank you for considering my application. I am enthusiastic about the possibility of collaborating with your faculty and contributing to the academic community at Visayas State University.

Thank you and God Bless!

Respectfully yours,

ALBERTO JR. J. COLMINAS  
Applicant
