CURRICULUM VITAE

BACKGROUND

Dr. Harry Jay Cavite is currently a full-time faculty member at Sasin School of Management, Chulalongkorn University, Bangkok, Thailand. He teaches marketing research in the Flexible MBA program and quantitative research in the DBA program. His research interests primarily revolve around marketing and management research in the field of agribusiness (e.g., consumers' purchase intention, farmers' technology adoption). He is a licensed agriculturist in the Philippines and an experienced academic and researcher. He has over 10 years of combined experience in university teaching, agribusiness management/agricultural science research, and academic research publishing. He served as a university lecturer/instructor at Central Luzon State University (CLSU) and Visayas State University (VSU) in the Philippines, where he taught undergraduate and graduate courses in agriculture and agribusiness management fields. Dr. Harry also served as an invited lecturer at King Mongkut's Institute of Technology Ladkrabang (KMITL), teaching undergraduate and graduate courses in Agribusiness while finishing his Ph.D. studies at the same university. His research works have been published in top international journals, e.g., British Food Journal, Journal of Enterprising Communities, and Business Strategy and the Environment, to name a few; and these connect with the UN SDG of Responsible Consumption and Production (Goal 12). He graduated Cum Laude with a B.Sc. in Agribusiness degree at VSU, where he was a consistent college/university honor student. He earned his M.Sc. degree in Crop Science at CLSU under the prestigious DOST-ASTHRDP scholarship grant, and he earned his Ph.D. degree in Agriculture, specializing in Agribusiness Management, at the School of Agricultural Technology, KMITL, Bangkok, Thailand, under the KMITL doctoral scholarship grant.

INTERESTS

Research topic: Marketing and management research in agribusiness (i.e., consumers' purchase intention, product traceability, organic products, farmers' technology adoption, community enterprise)

Teaching activity: Marketing research, agribusiness management, get published in top tier journals, quantitative research, marketing management

Research method: Structural equation modeling using SPSS-AMOS, quantitative research, quantitative data analysis
