Dear Sir,

May the pristine of peace and serenity be with you!

I am writing this letter to express my genuine interest in applying for a position of Part-time College Faculty in your university

I am a graduate of BSEd major in Mathematics in National Teachers College (Manila) and a faculty teacher at Air Link International Aviation College Teaching Senior High School and Junior HS students and now I'm a candidate in Master of Arts in Education major in Mathematics at NTC.

My diverse and meaningful experience in the academic setting intensifies my glaring interest and passion in the teaching profession. Indeed, it is my goal to utilize and develop my knowledge and ability while combining it to my range of experience to become a passionate, enthusiastic and effective teacher who will make a positive and worthwhile contribution to the school and to the community as a whole. And knowing the institution's great role in training the youth to become globally competitive in all levels and disciplines, may your good office will give me the opportunity to impart my knowledge, skills, and potentials.

And in anticipation for your favorable response in this matter, I would like to express my sincerest appreciation and gratitude. Thank you very much.

Respectfully yours,
