DR. JETT C. QUEBEC

Department Head
Department of Liberal Arts and Behavioral Sciences
Visayas State University

Dear **Dr. QUEBEC**,

Greetings!

How is life going amidst the turmoil that is going around? I hope everything is going gradually fine in this new normal situation.

I am Ruben O. Balotol Jr., and I have been informed that the Department of Liberal Arts and Behavioral Sciences is looking for a full-time faculty member. In this connection, I would like to take the chance and opportunity to be part of VSU-DLABS. Rest assured that I have undergone academic and training requirements to teach philosophy and general courses in the field of social sciences. My teaching experience and other relevant competencies are surely commensurate with the standards of the department and of the Visayas State University system.

Aside from teaching, I am also currently involved in a project with the philosopher Slavoj Zizek and have established a grassroots movement called the Association of Eastern Visayas Studies, Inc.

For further information, I have attached the necessary documents for your consideration and hope to hear you soon.

Yours Truly,

Ruben O. Balotol Jr
