REV RHIZZA L. AURE

Head, Department of Physics
College of Arts and Sciences
Visayas State University

Greetings!

It is my desire to serve. I'm writing to convey my earnest interest in the part-time instructor post that is now open in your department.

I am a graduate of Bachelor of Science in Civil Engineering Major in Structural Engineering and a reservist in the Philippine Army. As with my work experience, I previously served as a Graduate Military Assistant (GMA) for one academic year, and Tactical Non-Commissioned Officer for another year in the Visayas State University Reserve Officers' Training Corps Unit, handling Military Science subjects as instructor. During my time as a cadet officer of VSU ROTC Unit, I was designated as Corps Operations Officer (S3) for one academic year, and as Corps Commander for another academic year. Also, I was invited as resource person in the VSU Civic Welfare Training Service component for their DRRM-First Aid Training, and as training/tactical NCO for the Citizen's Army Training-1 Unit of VSU Integrated High School. In my reservist activities, I am presently detailed at the Alpha Company, 804th Ready Reserve Infantry Battalion stationed at Baybay City, Leyte.

I learned a lot from my previous experiences. It gave me a broad view on coping with various obstacles, building strong relationships with coworkers and superiors, and broadening my skills and general development as a person. I am looking forward to a new experience working in your department, particularly how it will assist me better my profession while also providing proper public service.

I earned a Bachelor of Science in Civil Engineering with a major in Structural Engineering, as well as finished military science courses as an ROTC cadet officer, while being a DOST Scholar. As of the moment, I am pursuing to become a licensed Civil Engineer.

I am truly grateful for the time you have taken to read this letter. If there is any progress with my application, I would be delighted to hear from your office. For your convenience, I've included my contact information.

Best wishes and more power,

JOEMAR V. SEROT
