To Whom It May Concern,

I am writing to express my interest in the position of part-time instructor that is currently available in the Department of Mathematics and Physics at Visayas State University – Main Campus. Allow me to share a bit of me and my experience of why I can be qualified.

First, I have satisfactorily earned my Bachelor's Degree in Secondary Education Major in Mathematics in the same aforementioned institution. I have graduated cum laude and one of the 11 recipients of the Student Teaching Proficiency Award by the College of Education. This would relatively imply that I, in one way or another, have embodied the core values of a Viscan which are relevance, integrity, truth, and excellence.

Second, I have quite a rich experience in terms of meeting different types of people and how to deal with them accordingly. At the age of 12, I started to work; which include but not limited to; being a computer shop attendant, a store helper to becoming a street-food vendor myself, freelance tutoring, DSWD summer job worker, and just last year I juggled being a student while working as customer service representative. In these side hustles, I learned that I also love providing service, good service at that, to the people. In these side hustles, I have also developed my empathy. And, I believe that to be of service and have empathy is a great combination to becoming an asset in your department, even so as a beginning teacher.

Lastly, I believe that one of my perceived strengths is my creativity. I am a creative individual, not just necessarily through Arts, but in terms of having ideas on a certain act. It is one of my missions as a teacher to establish creative learning space and employ creative activities for the students to have a meaningful experience. I firmly believe that when they have that kind of experience that is when they truly learn. If given the opportunity to harness this skill in your department, I am more than willing to show to the best of my ability that I am.

If you want to know further about me, my resume is attached hereto. References are available upon request. I look forward to meeting with you soon.

Sincerely,

Louie Jay L. Lora
