Dear Sir/Ma'am:

Greetings!

As a humanities and social sciences enthusiast professional, I was thrilled to see your job posting on your website for the position of part-time Instructor in Social Sciences. I am positive that I can help your institution in molding our youth into excellent citizens of our country.

Currently, I am teaching Humanities and Social Sciences courses at Camp Vicente Lim Integrated school. I was in charge of preparing lessons and executing them in class and was tasked to work administrative functions related to my current teaching post. Further, I have been entrusted by the DepEd Division of Calamba and DepEd Region IV-A CALABARZON to prepare SLMs for Introduction to Philosophy of the Human Person. The said modules are still being used across the Region for this school year.

Furthermore, I have completed all my academic course requirements for my master's degree program in Philosophy at the University of Santo Tomas. I am working on my thesis, which focuses on the intersection of technology, education, and philosophy. Furthermore, I earned my AB Philosophy degree from St. Peter's College Seminary.

With this professional experience and academic background, I believe I can contribute to fulfilling your mission and vision as a university; hence, I hope for your positive response to this application. Should you need to contact me, your office can reach me on my mobile phone: 09957520260.

Thank you very much in advance!

Sincerely,

  
**MARK EARVIN M. CERVANTES**
