**DR. ANATOLIO N. POLINAR**

Department Head  
Department of Forest Science  
Visayas State University  
Visca, Baybay City, Leyte

**RE: Instructor Application**

Dear Dr. Polinar,

I am JOB MALANGUIS VESERA, a fresh graduate of *University of the Philippines Los Baños* with a degree of *Bachelor of Science in Forestry*, major in *Geographic Information Systems* under *Production and Industrial Forestry* specialization.

I would like to apply as a research assistant in the Department of Forest Science.

Last month I have finished the four-year course program provided by our college. This includes various academic and non-academic courses, as well as an individual undergraduate thesis and internship in Mount Makiling Forest Reserve and CFNR.

I am also well-versed with the use of various GIS software such as ArcGIS and QGIS. Being a GIS major, I am constantly engaged in map commissions during my undergraduate years up unto this date. I am also very familiar with land use and land cover since it is the main topic of my undergraduate study. Other than that, I am also well-versed with hazard mapping and site characterization.

I am very passionate about the position as it is a great opportunity for me to show and exercise my skills learned during college. Should you have any question, please do not hesitate to reach me through the contact details listed in the curriculum vitae.

Respectfully,

**JOB MALANGUIS VESERA**
