Prof. MARLON M. TAMBIS

Assistant Director

Philippine Root Crops and Research Training Center

Visayas State University

VISCA, Baybay City, 6521 Leyte

Greetings Sir,

I, Giebert Lungay Montajes, a graduate of Bachelor of Science in Agribusiness from the Visayas State University, VISCA, Baybay City, Leyte, and a licensed agriculturist who passed the board exam last November 2022, would humbly apply as a Science Research Assistant in the Visayas State University Philippine Root Crops and Research Training Center.

My affiliations were of the City Government of Baybay in April 2015 wherein I was hired as a Job Order at the Human Resource Management Office (HRMO) while simultaneously assigned as a clerk at Plaridel Central School and, with a private employer as an Internal Inspector in an Organic Copra Project. Currently, I am connected to the Records and Archives Office of the Visayas State University as a clerk.

It would be a great opportunity to be able to serve the institution with integrity, to apply the experience I gained, and to further my ability and knowledge with the job project assigned should you consider my application.

Respectfully,

GIEBERT LUNGAY MONTAJES

Applicant
