Dr. ELIZABETH S. QUEVEDO  
Department Head  
Department of Pure and Applied Chemistry  
Visayas State University  
Visca, Baybay City, Leyte

Dear Ma'am,

I am writing to express my strong interest for the position of part-time Chemistry Instructor at your esteemed institution. With almost six years of first-hand experience in the chemical industry, I have come to realize that teaching is my true calling. I wish to bring my knowledge, practical experience, and commitment to excellence as an ideal candidate for this role.

Throughout my industrial career, I have gained extensive knowledge in various areas of chemistry and have successfully applied these principles in real-world scenarios, solving complex problems, and developing innovative solutions. I have had the opportunity to mentor and train junior colleagues and on-the-job training students during my time in the industry. And I discovered a deep satisfaction in guiding others to understand new knowledge and understand complex concepts. Overall, my experience has given me a deep understanding of the subject matter which I believe will greatly benefit the students I will have the privilege to teach.

I look forward to the possibility of discussing my qualifications further and demonstrating my commitment to excellence in teaching.

Sincerely yours,

  
Jerald T. Villarmino
