## SUMMARY

---

Motivated and recently passed the Agricultural and Biosystems Engineering Licensure Exam, with a passion for community development and sustainable agriculture. Equipped with theoretical and practical knowledge in agricultural systems, data analysis, and research, I am eager to contribute to initiatives that address food security, resource management, and nutrition improvement. Highly motivated, adaptable, and committed to delivering impactful results.

## EXPERIENCE

---

July – September  
2022

### NATIONAL IRRIGATION ADMINISTRATION RO8

#### OJT

- Conducted field data collection and analysis for irrigation systems, including on-site surveys and data interpretation
- Prepare technical documentation and assisted in creating schematic diagrams for irrigation systems
- Gained experience in administrative processes, including recording and consolidating important data

## EDUCATION

---

2019–2023

### VISAYAS STATE UNIVERSITY

Bachelor of Science in Agricultural and Biosystems Engineering

2013–2019

### TAGBILARAN CITY SCIENCE HIGH SCHOOL

Senior and Junior High School

2007–2013

### CORELLA CENTRAL ELEMENTARY SCHOOL

Elementary

## SKILLS

---

- Proficient in Microsoft Office Suite
- Competent in CAD software for design and modeling
- Knowledgeable in Geographic Information Systems (GIS)
- Theoretical knowledge and understanding of HACCP and GMP
- Attention to detail and problem-solving abilities
- Effective communication and teamwork
- Data Analysis and process optimization

## ACHIEVEMENTS

---

May 2024

**CIVIL SERVICE ELIGIBLE – PROFESSIONAL LEVEL**

Civil Service Commission

December 2024

**PASSED AGRICULTURAL AND BIOSYSTEMS ENGINEERING LICENSURE  
EXAM**

Professional Regulation Commission
