Dean, College of Veterinary Medicine

Greetings!

I am writing this letter in response to the advertisement for the job item of Virtual Part-Time Instructor at your institution, Visayas State University.

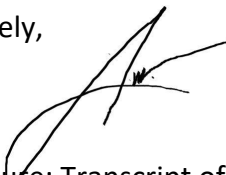

I am really excited to learn about the job item and feel my credentials and experience in this field will benefit your institute in every possible way. I have enclosed my resume with this letter.

Teaching is something I always admired and feel this is the one of the noble jobs. In fact, I am currently employed as Instructor 1 at the Northern Negros State College of Science and Technology, teaching Animal Science subjects. However, I would be glad if you will consider me as one of the teaching force to my alma mater especially at the College of Veterinary Medicine even as a part-time instructor. Teaching is my passion and I want my future students to attain a quality learning they deserve in the field of Veterinary Medicine. I have great communication skills and can clarify my future student's doubts.

I am a Licensed Veterinarian. I would be glad if you can call me for a personal interview wherein I can discuss on this more. You can call me at 09772139573/09632807697.

Thank you so much for reading my letter. God bless.

Sincerely,
