

MARYLL JOYCE A. SINGSON

Rizal, Tomas Oppus , Southern Leyte, Philippines
09606628481 | singsonmarylljoyce@gmail.com

PROFILE

Dedicated and enthusiastic mathematics graduate with a background in mathematical concepts, numerical methods, and basic programming. Experienced in tutoring and leading small-group instruction, with a strong passion for helping students understand and appreciate mathematics. Seeking a part-time instructor role to contribute to student learning while gaining professional experience in the academic field.

EDUCATION

Visayas State University -Main Campus
Baybay City, Leyte
Bachelor of Science in Mathematics | July, 2025

VOLUNTEER PLACEMENT

Mathutorial – VSU Mathematics Society

- Delivered lectures on algebraic concepts to approximately 25 Biotechnology students to help reinforce their understanding of key mathematical foundations.
- Served as the lead presenter, preparing instructional materials and examples for each session.

IJuanderMath Project – NSTP Volunteer Initiative

- Designed and implemented math tutorials for elementary students during the pandemic to help improve their performance in mathematics.
 - Created lesson plans and defined clear learning objectives aligned with the project's goal to enhance student engagement and comprehension.
-

SEMINARS/TRAINING

Lecture Series: Special Topics in Mathematics and Mathematical Modelling with Numerical Implementation using Python | **2023**

SKILLS

- Numerical Methods (Runge-Kutta, Finite Difference Methods)
- Basic Programming (Python for Numerical Simulations)
- Microsoft (Word, Excel, Powerpoint)
- Google Docs
