*BOR Resolution No. 23, s. 2020 (Approved as of March 6, 2020)

One Collegiate unit credit is one hour lecture or recitation each week or a total of 18 hours in a semester. Three hours of laboratory work each week or a total of 54 hours a semester is also regarded as one unit of credit.

The semestral average grade of a student is computed by multiplying the number of units assigned to a course by the grade and the product divided by the total units earned for the semester.
