- Duration: September 16, 2021 – June 30, 2024
- Position: Science Research Assistant
- Name of Office/Unit: Department of Horticulture
- Immediate Supervisor: Blanche Franchette D. Llera
- Name of Agency/Organization and Location: Department of Horticulture, Visayas State University
- List of Accomplishments and Contributions (if any)
  - Contributed on the completion of terminal report
  - Generated factsheets and publishable articles
- Summary of Actual Duties
  - Assists farmers on PhilGAP certification by providing the required microbial and soil analyses results
  - Assesses the microbial and chemical challenges from production up to postharvest handling by collection and analyses of irrigation water, soil, and crop samples from farms and retails
  - Conduct trials in determining and assessing food safety risks and controls in production and retail chains of vegetable produce

- Duration: January 1, 2021 – May 31, 2021
- Position: Science Research Assistant
- Name of Office/Unit: Microbe Culture and Fermentation Laboratory
- Immediate Supervisor: Julie D. Tan
- Name of Agency/Organization and Location: PhilRootcrops, Visayas State University
- List of Accomplishments and Contributions (if any)
  - Contributed on the completion of terminal report
  - Develop new variation of extruded food products from root crops
- Summary of Actual Duties
  - Develops extruded food products from different root crops
  - Conducts microbial and physicochemical analyses of root crop food product
  - Assists in determining the shelf-life of the developed food products
  - Maintains the sanitation of the laboratory and performs activities related to the project

## WORK EXPERIENCE SHEET

**Instructions:** 1. Include only the work experiences relevant to the position being applied to.

2. The duration should include start and finish dates, if known, month in abbreviated form, if known, and year in full. For the current position, use the word Present, e.g., 1998-Present. Work experience should be listed from most recent first.

- Duration: July 1, 2017 – December 31, 2020
- Position: Science Research Assistant
- Name of Office/Unit: Microbe Culture and Fermentation Laboratory
- Immediate Supervisor: Julie D. Tan
- Name of Agency/Organization and Location: PhilRootcrops, Visayas State University
- List of Accomplishments and Contributions (if any)
  - Contributed on the completion of terminal report
- Summary of Actual Duties
  - Develops food products from acrid taro and cocoyam and determines its oxalate content
  - Conducts microbiological analyses and isolates starch degrading lactic acid bacteria for sourdough production from different root crops
  - Conducts physicochemical analyses on root crop food product
  - Assists on the development of taro products and determines the oxalate content.
  - Assists on microbiological analyses and physicochemical analysis on root crop food products
  - Maintains the sanitation of the laboratory and performs activities related to the project
