

LETTER OF APPLICATION

0041, Caridad

Baybay City, Leyte

December 12, 2023

Al Franjon M. Villaroya

DPSS Department Head

Department of Philosophy

and Social Sciences - VSU

Visca, Baybay City, Leyte

Good day!

As once an aspirant who just started to manifest to be considered for the Part-time Instructor position that was fortunately given to me last August 2023, I would still like to re-apply for the said position.

For the few months of teaching as a College Instructor, I was given the chance to teach and learn at the same time. But most of all, this journey taught me to be humble and considerate. I encountered students who were not as privilege as the other students, I also often received e-mails from my students as for the reason of their deceased loved ones. Some students whose Intellectual capacity is different from most of them, yet striving and yearning to learn in my class. I can also see the ones who excel among others and ask I knew behind the reason of their eagerness is for their family and for people not to mock them for having been able to attend this prestigious University without recognitions.

I know that teacher's need to perform their duties but some of them are barely teaching for the students but for the high regards they could get from people. I don't want to be called intelligent without knowing compassion. I was once a student in this University and I know how it feels to lose hope because of the Instructor's who did not even budge to give me a chance. I know life is hard but kindness is free and if a student needs it. May we be an instrument for them not to give up instead of pushing them to an edge not to pursue their dreams.

I am grateful enough for this opportunity.

I completed a Bachelor of Secondary Education major in Social Studies at Visayas State University - VSU Main Campus just recently on August 03, 2023 with Latin Honors (Cum Laude).

In the last year of my college, I was assigned to have my practice teaching in VSUIHS (Visayas State University Integrated High School). My four months of internship in the said school brought me much learning especially in giving instruction and supervision. The seasoned teachers in VSUIHS taught me how to professionally deal with various situations that have got something to do with school matters such as dealing with the gifted students as well as their parents and also working on school activities that involve the out of school community which trained me to be an efficient and effective teacher.

In the short period of my stay in VSUIHS, I was able to develop my communication skills and my pedagogy and I believe that it helped me be more prepared for a greater challenge which is to finally embrace the job of being a full-time educator. Given my ample training in college, I am confident that I am ready to work and do the responsibilities of a teacher and I know that your reputed institution can give me an opportunity to continue to develop myself professionally.

I have read your requirements with the relevance of a Master's Degree and PRC License. I would like to share my future plans with you. I am considering having my Master's Degree after I finish taking the LET (Licensure Examination for Teachers), for the meantime I am enrolled in Carl Balita Review Center in Ormoc City as I will be going to take the LET in March 2024.

I shall be very glad to come for an interview at your most convenient time. I am really hoping that you will give me a chance to have my first teaching experience in your institution. Thank you for considering my application.

Sincerely yours,

GELLA MAE M. ABELARDO
