JETT C. QUEBEC

Department Head

Department of Liberal Arts & Behavioral Sciences

Visayas State University

Visca, Baybay City, Leyte

Dear Sir Quebec,

Peace and all good to you!

Please consider this letter as my intent to reapply for a teaching position in your institution. Given my qualifications, I believe that I am qualified to teach again in your school.

According to my resume, I earned a BA in Philosophy from Our Lady of La Salette College Seminary in Silang, Cavite. To further my academic development, I enrolled in the University of San Jose - Recoletos in December 2020 to pursue a Master of Arts in Philosophy.

Since the upcoming academic year would be conducted face-to-face, I believe that this position would give me excellent opportunities to improve and develop my abilities and skills in teaching, my chosen career. I would be more grateful to share the knowledge, abilities, and skills I have gained during my two (2) years of teaching experience in your institution. I am prepared to take on more difficult teaching responsibilities since I have already given myself the necessary training and abilities through the graduate school's course work, as well as through previous training sessions, seminars, and webinars.

Also, I can work hard with passion, good quality, patience, and a creative style of teaching.

The attached file is my resume for further reference. I look forward to an opportunity to further discuss with you my qualifications. I will be happy to provide any additional information if needed. Thank you for your time and consideration.

God bless you.

Sincerely,

Jie Roman Lim
