Dear Hiring Manager,

I am writing to express my interest in the Science Research Assistant position at the Philippine Root Crop Research and Training Center (PhilRootcrop) -Visayas State University as posted on facebook. I hold a Bachelor's degree in Agriculture, specializing in Plant Breeding, from Visayas State University and I am also a licensed Agriculturist.

I have a strong foundation in the principles and practices of agriculture. I am knowledgeable in agricultural sciences. I have also developed a comprehensive foundation in plant tissue culture and plant breeding techniques including plant pollination, characterization, data collection, seed treatment and field trial management during my training at East-West Seed Company Inc. Additionally, I participated in various seminars that enhanced my knowledge on plant breeding techniques and sustainable agricultural practices. With this experiences, I am eager to acquire new knowledge and develop my skills further to contribute to the advancement of the agricultural sector.

I am particularly drawn to the PhilRootcrop's work in promoting sustainable farming practices, supporting local farmers, and implementing innovative agricultural technologies. I believe my skills and enthusiasm for this field align perfectly with your goals and I am excited about the prospect of contributing to the success of your program.

I am a highly motivated and detail-oriented individual with a strong work ethic and a dedication to achieving results. I possess good communication and interpersonal skills that allow me to collaborate effectively with colleagues and stakeholders. I am confident in my ability to adapt quickly to new challenges and contribute positively to your team.

Thank you for considering my application. I have attached my resume and other documents for your review, which provide more details about my qualifications. I would welcome the opportunity to discuss how my skills and passion can benefit the PhilRootcrops- VSU.

Sincerely,

ROXANNE L. BONCALES
